There is no Legal objection to the issue of the draft notification suggested by the Backward Class Officer in paragraph 2(b) of his note at page 9 ante. As the new notification will be in supersession of the old notification No. 3850, dated 11th June 1923 it will be necessary to make that clear in the revised draft. A revised draft notification is accordingly appended.

2. There is also no objection to the issue of the draft notification suggested by the Backward Class Officer in paragraph 2(a) of his note at page 10 ante amending Government Notification, Home Department No. 357/3, dated 16th March 1932. A revised draft notification on the lines of the first draft notification is appended. This notification does not provide for the transfer of settlers from one school to another. It is presumed that the omission to make such provision inthe draft sent by the Backward Class Officer is intentional.

These papers relate to the various amendments proposed to be made in the ombay Criminal Tribes Rules,1930, in order to give effect to certain recommendations of the Criminal Tribes Act Enquiry Committee in their Report of 1939, which have been accepted by Govt. The draft notification at pages 149 -169 ante embodying the proposed amendments is shown to the R.L.A. for scrutiny.

2. The object underlying the principal amendments is explained in the draft G.R. below which will be issued with the porposed notification

3. Subject to the following remarks the draft notification as revised (at pages 173-193 post) appears to be in orde r and may be approved.

(a) The amendments have been suitably arranged and renumbered.

(b) Revised rule 45A(1).- Except he first sentence the remaining ortion of the Note below sub-rule 10 appears superfluous and has herefore been omitted.

(ii) In sub-rule(2) it appears ecessary to provide that the statement prepared under that sub-rule hall be forwarded to the Backward lass Officer or the Deputy Inspector eneral of Police, Investigation epartment, as the case may be. The

sub-rule has therefore been suitably amended.

(iii) With reference to sub-rule (9 (10) and (11) it appears that the proced re laid down in these sub-rules is not exhaustive. The intention is that every case whether in the City of Bombay or elsewhere should be ~~xxxxxxxxx~~ forwarded to the Backward Class Officer and that Officer should submit it to Government for final orders. As the sub-rules ~~xxx~~ which were approved by the R.L.A. (vide his opinion No.3038 dated the 27th May 1936) no change need be made ~~x~~ in them except that in sub-rule (9) it may be made clear that the District Magistrate shall forward the case to the Backward Class Officer. Sub-rule (9) has been accordingly amended.

X in question are similar to the existing sub-rules

The draft amendments, as revised, a are in order.

2. The amendments have been re-arra ged inthe order of the rules and the insertionof new Appendix MMM has been placed at the end in para.(XI)

3. The draft amendments have also b been revised with a view to precision and avoidingg the repetitionof existing portions of rules which remain unaltered-

4. Rule 45(a) .- It has been made c clear in sub-rule (2) that a statement shall be forwarded to the Backward Class Officer or the Dy.I.G.P.,C.I.D, according as the case arises in the City

of Bombau or elsewhere. As it appears from sub-rule (10) that the Backward Class Officer is to ~~fxfxx~~ refer the cases for the orders of Government with his opinion it is made clear im sub-rule (9) that the District magistrate also shall afterrecording his opinion forwardxx the report to he Backward Class Officer.

A revised draft notification is sent herewith.

2. Amendment II of the revised draft rule 9.-(a) Clause (b) of rule 9 refers to female members. Presumably clause (a) of rule 9 is intended to refer to male members only. The words "Every member" inthe H.D. draft have, therefore, been ~~substituted~~ replaced by the words "Every Male" member" in the revised draft. The order referred to in ttis clause inthe H D. draft. is presumably the direction given under se... .. Thishas been made clear in the revised draft notification by substituting for the word "order2 th the words "direction given under section 4" in the clause.

(b) In the explanation 2 to the rule, the registering authority referred to is presumably the person making the register (see rule 5). This has been made clear in the revised draft by substituting the words "person making the register" for the words "registering authority" in the explanation.

3.

3. Amendment III. Clause 6(3) of the proviso to rule 16 in the H.D. draft provides that, if during any of the gradation periods mentioned in the rule the member is made the subject of an order under section 118 of the Code of Criminal Procedure the periods shall begin afresh from the expiry of the period for which security was demanded or from the date on which he furnishes a bond. The provisons thus provides for two dates from which the gradation periods should begin afresh. The provision does not appear to be inorder. The intention probably is that where a bond furnishing security is given, the periods should begin from the date of the execution of the bond and where no such bond is executed the periods should commence from the date of the expiry of the period for which security is demanded. The provision has been accordingly recast to make the intentionclear. (see the first proviso to rule 16 of the revised draft). Incidentally it may be pointed out that rule 32(5) (3) in the draft notification which contains a similar provision provides for the periods to begin afresh only on the expiry or the period for which security is demanded. H.D. may be asked to consider whether the two provisons should not be the same.

S.C.
26th April 1956.

ment VI, rule 45A.- (a) the s
below sub-rule (10 is superfluous and does not fit in the statutory rule. It has, therefore, been deleted. If necessary executive instructions might issue on this point.

(b) It has been made clear in sub-rule (2) that the statement shall be forwarded to the Backward Class Officer or Deputy I.G.P., C.I.D. according as the case arises in the City of Bombay or elsewhere.

(c) Sub-rule (10) of the H.D. draft provides that the Backward Class Officer shall on receipt of a report under sub-rule (9) refer the case to Government for orders. Sub-rule (9) of the H.D. draft provides for report of enquiry in the City of Bombay to be submitted to the Backward Class Officer and elsewhere to the District Magistrate. There is no further provision in this sub-rule providing for the D.M. forwardin g the report received by him to the Backward Class Officer. Sub-rule (9) of the existing rule 45A contains such a provisions . The provision appears necessary and the sub-rule (9) has therefore been suitably revised including in it such a provision.

(d) It appears fromthe provision in sub-rule (10) that in all cases where an enquiry is made, the case is to be referred to Govt. for orders. Sub-rule (11) however provides that if the D.I.G. of Police the D.M. and Backward Class Officer are not agreed under this rule regarding the expediency of placing a member of or members of a tribe or a gang or a part thereof in a settlement, the case shall be referred by the Backward Class Officer to Government for orders.

S.C.

In view of the provision in sub-rule (10) referred to above, the necessity for this provision in sub-rule (11) is not clear. H.D. may be asked to consider this point.

5. Amendment No.VIII, rule 62(b).- It is presumed that the reference to fine in the H.D. draft is reference to fine imposed under rule 55(10) of the rules. This has been made clear in the revised draft.

6. A number o

made from the drafting point of view and the amendments have been suitably numbered. H.D. may be asked to ~~xxxiy~~ varify whether the revised draft notification carries out its intention.

C.

26th April 1956.

Office of the H.D.

A revised draft notification is sent herewith.

2. Amendment II of the revised draft, rule 9.-

(a) The rule requires the District Magistrate to record a finding that the person concerned has been reasonably suspected of having been concerned in the commission of a non-cognizable offence. As these are cases of suspicion, it would be more appropriate to using to use the words, "for reasons to be recorded in writing" instead of the words, "under a finding recorded in writing." The draft rule has been revised accordingly.

(b) Clause (b) of rule 9 refers to female members. Presumally clause (a) of rule 9 is intended to refer to male members only. The words "Every member" in the R.D. draft have, therefore, been replaced by the words "Every male member" is the revised draft.

(c) In the Explanation 2 to the rule, the registering authority referred to is presumably the person making the register (see rule 5). This has been made clear in the revised draft by substituting the words "person making the register" for the words "registering authority" inthe Explanation.

3. Amendment III.- Clause 6(3) of the proviso to rule 16 in the H.D. draft provides that if during any of the gradation periods mentioned inthe rule the members is made the subject of an order under section 118 of the Code of Criminal Procedure, the periods shall begin afresh from the expiry of the period for which security was demanded ~~a bond~~. The provision thus provides for two dates from which the gradation period should begin afresh. The provision does not appear to be in order. The intention probably is that where a bond furnishing security is given, the periods should beging from the date of the execution of the bond and where no such bond is executed the periods should commence from the date of the expiry of the period for which

S.C

security is demanded. The provisions has been accordingly recast to make the intention clear. (see the first proviso to rule 16 of the revised draft). Incidentally it may be pointed out that rule 32(5)(3) in the draft notification which contains a similar provision provides for the periods to begin afresh only on the expiry of the period for which security is demandéd. H.D. is requested to consider whether the two provisions should not be the same.

4. Amendment No.V..-Rule 32.-Sub-rules (2) and (3) The intention evidently is that the District Superintendent of Police shall grant the exemption specified in these sub-rules on the member's giving the necessary undertaing. This has been made clear inthe revised rule.

5. Amendment VI, rule 45A.-(a) The note below sub-rule (1) does not fit in the statutory rule. If necessary executive instructions may be issued on this point.

(b) It has been made clear in sub-rule (2) that the statement shall be forwarded to the Backward Class Officer or Deputy Inspector Genera of Police, C.I.D. according as the case aris s in the City of Bombay or else where.

(c) Sub-rule (10) of the ~~R~~ R.D. draft provides that the Backward Class Officer shall on receipt of a report under sub-rule (9) refer the case to Government for orders. Sub-rule (9) of the R.D. draft provides for report of enquiry in the City of Bombay to be submitte to the Backward Class Officer and elsewhere to the District Magistrate. There is no further provision ~~in~~ in this sub-rule providing for the District Magistrat forwarding the report received by him to the Backward ~~Cl~~ Class Officer. Sub-rule (9) of the existing rule 45A contains such a provision. The provision appears n necessary and the sub-rule (9) has therefore been suitably revised.

S.C.

(d) It appears from the provision insub-rule (10) that in all cases where an enquiry is made, the case is to be referred to Government for orders. Sub-rule (ii) however provides that if the Deputy Inspector General of Police, the District Magistrate andBackward Class Officer are not agreed under this rule regarding the expediency of placing a member or members or a tribe or a gang or a part thereof in a settlement, the case shall be referred by the Backward Class Officer to Government for orders. In view of the provision insub-rule (10) referred to above, the necessity for this provision in sub-rule (11) is not clear. R.D. is requested to consider this point.

6. Amendment No.VIII, rule 62(b) .- It is prosumed that the reference to fine inthe H.D. draft is reference tofine imposed under rule 55(1) of therules. This has been made clear in the revised draft.

7. A member of changes h ave been made from the drafting point of view and the amendments have been suitably numbered. H.D is requested to verify whether the revised draft notification carries out its intention.
